[HOME](#) [SERVICES](#) [ABOUT](#) [NETWORK](#) [CONTACT](#) [PRINT](#)

Transporters philosophy is to customize each client needs and to ensure a constant and diligent tracking of the service it provides

SERVICES

Multimodal Transport

Transporters offers transport services to neighboring countries via Beirut port and airport. We are specialized in transporting medicine and medical equipment from any part of the globe to Syria and Iraq via Beirut port or airport by land to final destination using our own reefer trucks.

We serve Iraq via Turkey. Our trucks loaded from Lebanon use the barges from port of Tripoli to Mersin then continue their way to Zakho and then to Baghdad or any Iraqi governorates.

Sea Freight

Transporters offers competitive pricing solutions through partnerships with leading carriers, as well as weekly follow up handled by our customer service department.

Air Freight

Transporters can cover more than 120 countries via a worldwide freight network and our own offices in Lebanon, Syria and Iraq. We handle the need of your cargo in all its requirements including DDP & DDU from and to any destination in the world.

Land Freight

We offer cross border land transportation to and within Lebanon, Syria, Iraq and GCC countries. Transporters is one of the very few forwarders that have the license of TIR carnet in Lebanon.

Warehousing

Located in Port of Beirut free zone for storage and repacking, our bonded warehouse facility of 1200 sqm can facilitate for traders and industrials the storage and transformation of their cargo at very competitive prices.

Goods can undergo transformations before being exported via land, sea and air or imported into Lebanon. Our clients can save money by avoiding payments of port storage, container demurrage and by delaying payment of customs duties and VAT for local market cargos.

WHO WE ARE

Transporters was incorporated in 2009 and has diversified its traditional freight forwarding activities to become a fully integrated logistics provider. At Transporters we handle Sea, Air and Land freight operations and offer our clients door to door services including customs clearance, distribution and warehousing.

TRANSPORTERS network is very active and dynamic in Lebanon, Syria and Iraq. We have a long term experience in providing reliable and cost efficient solutions in difficult areas.

Transporters team has developed a strong relationship with UN agencies in the region (UNICEF, WHO, UNHCR, UNIDO Iraq) where we have been handling transportation of medicine, medical equipment and aid relief cargo. We took care of the operations from the discharging bulk vessels in Syria and Lebanon, stuffing in warehouses and provided for the distribution into all Syrian provinces.
